

## **TESTIMONIALS**

### **100% COURSE APPROVAL RATING ('STRONGLY AGREE/ AGREE') TO DATE**

You may be a Head Teacher; PE Subject Leader or other working professional dealing with EYFS & Children's Services, and you are contemplating whether such a CPD package (with website resource access) meets your needs. Quite understandably you want to be assured that what you buy into produces guaranteed results. We are now within our **third** year of operation and the evaluations to all courses delivered have **all** been hugely complimentary HOWEVER we always seek to build upon the services provided, no matter how positive our clientele have been regarding our programme of support to date. Whilst we always look favourably upon constructive criticism (and there really has been very little offered to date), here are **a selection of the kind comments** of recent attendees to courses who were so impressed that they were willing to go the ultimate step forward by way of citing their names and school details to their comments, that have been collected since December 2013:

#### **LEADERSHIP & VOLUNTEERING (10 / 12 / 13) TUTOR: GILES PLATT**

Thank you'  
(Claire Darbourne, Highfield Juniors)

## **OVERALL CPD PACKAGE AND INDIVIDUAL IN-SCHOOL SUPPORT**

**(UPDATED: 26th May 2016)**

'As the newly appointed PE subject leader at my school, I found myself with the challenge of spending the sports premium and making long term improvements in the delivery of PE lessons within my school. I decided to invest in the Bromley Primary Schools PE CPD package and the support I have received has been invaluable. The subject leader days have been instrumental in ensuring that my subject knowledge is up to date and that changes with how to spend the sports premium effectively have been highlighted to me. This in turn has helped me with making real changes and improvements within my school. Teachers have attended the courses and have reported back upon how useful they have been and how they have had an impact on their teaching.

I have also had the pleasure of working closely with Borough Primary PE Advisor, Giles Platt. Together we worked on developing the school website to celebrate the PE that was taking place and we used the remaining time to develop a working action plan which has helped me focus upon key actions for this year.

Giles is so inspiring and passionate about his work. I cannot recommend this service enough. Thank you so much Giles, and I look forward to another successful year ahead.'

(Natalie Crow - Unicorn Primary, Beckenham)

'Just wanted to say how thrilled it was to have you down at our school yesterday, everyone including the head teacher were blown away with your wealth of knowledge and your passion to assist the school in relation to the Physical Education. My colleagues will be getting in touch with you with the possibility of attending training days.'

(James Adepoju - All Saints CE Primary, Upper Norwood)

'A big thank you for all the help you gave me re PE Sports Premium. The attachments that you also made were brilliant.'

(Annie Cazalet-Smith, Alexandra Infants School)

'The CPD package has been extremely useful for helping Subject Leaders stay up to date with new developments in PE, changes in Ofsted's expectations and recommendations for best practice and use of the Primary PE and Sport Premium. The fact that CPD resources are also made available online, alongside lots of other useful information, is also very helpful. The individual in-school support from Giles has been fantastic and has helped our school to significantly improve the provision of PE and the structures and club links supporting it.'

(E.Reed – Biggin Hill Primary)

'Play leader training led by Giles was really useful and a fantastic platform to springboard into next academic year. I really enjoyed working with him. Looking forward to next time.'

(J.Hensman - Midfield Primary)

'I am incredibly passionate about delivering a high quality provision of Physical well-being and sport to all children and believe that all children should be given the opportunities to excel at sport if that is their path in life. Research clearly indicates the co-relation between attainment, behaviour, concentration and building essential skills of resilience and determination; if taught properly and by dedicating hours of deliberate practice. It is within our roles as leaders of school to support PE leaders and our staff in ensuring we can provide this to our very best ability within the curriculum and outside of school hours.'

Through gaining support and providing your staff with high quality training and resources, such as those delivered by Bromley Primary Sports CPD, it makes it possible to deliver this. Our teachers and support staff have benefitted greatly from the CPD that has been given and the way in which we have used our sports premium to back this up in school is making a real difference. We will now be looking at deepening our understanding and research into the way in which we can develop our gifted and talented children who may have the potential to be

professional athletes and links into how a growth mind set can affect their opportunities throughout the school including sports.

The support from Bromley Primary Sports CPD is important in the first instance to help you develop your staff and look at ways in which they can secure Physical provision for your schools. If you are interested in how we are continuing the development of PE, please do not hesitate in contacting me.'

(Jennifer Richards - Head of St Mark's CE Primary)
